Special Issue: Japan’s Olympic Summer Games - Past and Present, Part I (Table of Contents)

Jeff Kingston

A mega-event like the Tokyo 2020 Summer Olympics justifies a monumental two-part special issue. This is an inter-disciplinary effort involving Japan specialists from around the globe who locate the 2020 Tokyo Olympics in light of previous Olympics and a wide range of issues pertinent to the Olympic movement and Japan's global role. The call for papers elicited a rapid and robust response by scholars, translators and writers who have taken to heart my instructions to write accessible, jargon-free essays that distill their knowledge and insights without compromising rigor and reliability. Our targeted audience is educators and their students as well as general readers who need access to high quality, online resources at a time when interest in the Olympics runs high. We also hope that curious visitors and journalists will benefit from and enjoy this compilation as they scrutinize the PR spectacle, messaging and branding, and delve deeper into contemporary Japan’s dilemmas and simmering challenges. - Jeff Kingston, Editor

The Table of Contents for Part II will be available on 3/1/2020 here.

See an update by Jeff Kingston as of 3/29/2020, reflecting the postponement of the 2020 Olympics, here.
